

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office

March 30, 2000 LB 901A, 901

a little hydropower, but it's not a lot. So I think what we do for public power here today, the study that was done is very important. I think the continuation is important. I did not make mention of the A bill, which is I believe \$70,000, but it is not a General Fund obligation. It will be paid for by the...by the power generators of...or the power districts, so that will not be an obligation of the state. But if they need to hire some expertise they have the authority to do that and they can generate the money without the state being obligated. Give the rest of my time back to the Chair.

SPEAKER KRISTENSEN: You've heard the closing. The question before the body is the adoption of the committee amendments. All those in favor vote aye; all those opposed vote nay. Please vote, if you care to. Record.
